Subject: US Army Corps of Engineers, Tulsa District, Solicitation Number W912BV21R0019

Dear Ms. Newsome and Mr. Reed,

Thank you in advance for review of this letter. I am writing to you on behalf of the members of the Small Environmental Business Action Coalition, Inc. (SEBAC), www.sebac.org. SEBAC serves as a voice for the small business community providing environmental engineering, remediation and related support to the U.S. Department of Defense (DOD) and other Federal agencies throughout the country. A key part of our mission is to support and promote opportunities for small businesses by monitoring the federal government's goals, policies, and regulations regarding small business participation.

Regarding RFP number W912BV21R0019 \$45M Small Business Set-Aside Multiple Environmental Government Acquisition (MEGA) Indefinite Delivery Contract (IDC) Multiple Award Task Order Contract (MATOC) for Environmental Remediation Services (ERS) Projects Within the Southwestern Division (SWD) Boundaries and As Assigned in Accordance with UAI Sub-part 7.1 and ER 5-1-10. This RFP was issued on March 26, 2021. The current response date is November 16, 2021. Inquiries for this opportunity are collected via Bidder Inquiry in ProjNet. To-date, there are more than 60 questions from the small business community that have gone unanswered since August 30, 2021 impacting the government's ability to conduct a timely and equitable evaluation of proposals.

We respectfully request an extension to the proposal response date to allow the Tulsa District to answer the questions and align this RFP with the due date for the Unrestricted MEGA IDC MATOC for ERS which is currently due December 7, 2021.

I would kindly ask that you provide an acknowledgement of this letter. Please do not hesitate to contact the undersigned if I can be of any further service or provide additional information in support of our position on this matter: I can be reached at jdwyer@sebac.org. We look forward to engaging you in a dialogue, and we thank you for your consideration.

Respectfully,

John M. Dwyer
President, SEBAC
