Removal and Disposal on Guam, NAICS 562211**

Dear Mr. Seekamp and Mr. Rundquist,

Thank you in advance for review of this letter. I am writing to you on behalf of the members of the Small Environmental Business Action Coalition, Inc. (SEBAC), www.sebac.org. SEBAC serves as a voice for the small business community providing environmental engineering, remediation and related support to the U.S. Department of Defense (DOD) and other Federal agencies throughout the country. A key part of our mission is to support and promote opportunities for small businesses by monitoring the federal government's goals, policies, and regulations regarding small business participation.

Regarding the subject Sources Sought, SEBAC would like to respectfully ask that this IDIQ remain a Small Business set-aside as it has been in the past. Representing a number of small businesses that meet the requirements under NAICS 562211 and offer the skills necessary to successfully complete this work, we encourage DLA to allow this to remain within the small business community.

I would kindly ask that you provide an acknowledgement of this letter. Please do not hesitate to contact the undersigned if I can be of any further service or provide additional information in support of our position on this matter: I can be reached at jdwyer@sebac.org. We look forward to engaging you in a dialogue, and we thank you for your consideration.

Respectfully,
