Dear Mr. Dwyer, ^{John}

Thank you for your note and for presenting my team with this very meaningful award on behalf of the Small Environmental Business Action Coalition.

Small businesses are the engines for our environmental work and we truly appreciate you and your team's candid feedback. It is through this active dialogue that we gain valuable insight into the small business community thereby further advancing our collective goals.

We look forward to continuing this dialogue as we move forward. Please do not hesitate to call me anytime.

We were honored to get the award... very committed to our small business community!!
