

The United States Environmental Protection Agency (USEPA) is SEBAC's 2024 Award for Excellence winner

WASHINGTON - Oct. 29, 2024 - [PRLog](#) -- The Small Environmental Business Action Coalition (SEBAC) is pleased to announce that the United States Environmental Protection Agency (USEPA) is the recipient of the 2024 Award for Excellence. SEBAC presents the award to recognize a federal agency's demonstrated commitment to small environmental businesses.

Procurement data researched by GovSpend + Fedmine specific to North American Industry Classification Systems (NAICS) codes 562910 and 541620 was evaluated based on the number and quality of agency procurements and the agency's overall commitment to small businesses. These data were used as a component in determining the recipient of the Award for Excellence along with a pre-established set of criteria which includes three key components:

- The agency's ability to meet or exceed fiscal year projected goals;
- The agency's quality and quantity of small business awards; and
- The agency's progress towards improvement in attaining goals (percentage increase and/or proven improvement).

"We are pleased to recognize the United States Environmental Protection Agency for its strong support of small environmental businesses as demonstrated by the quantity and quality of small business prime contracts," said SEBAC President John Dwyer.

In the federal government's fiscal year 2024, USEPA exceeded the Small Business Administration's statutory goal of 23% by awarding 59% of prime contractor dollars in NAICS codes 562910 and 541620 to small businesses. SEBAC recognizes USEPA for acknowledging the strength of the environmental small business community by setting aside major contracts, such as single award and multiple award environmental compliance and remedial action contracts.

Mr. Dwyer and Award for Excellence Chairperson Monica Cooper will present the Award during SEBAC's Networking Reception and Award Presentation during the Society of American Military Engineers (SAME) Small Business Conference at the Ernest N. Morial Convention Center in New Orleans, LA on Wednesday, November 20, 2024, from 7:00 PM to 9:00 PM in The Rivergate Terrace room on the second floor of the Convention Center.

Sponsors of the Award for Excellence are Arrowhead Contracting, KEMRON Environmental Services and Perma-Fix; sponsors of the Networking Reception are I.C.E. Service Group and Strategic Packaging Systems; our other generous sponsors are Columbia Technologies, Scout Environmental, Environmental Research Group, NOREAS, Princeton Hydro, Renova Environmental Company and Tapa Companies.

The event is open to the public. For more information about the Award for Excellence, visit the About Us page at www.sebac.org. To RSVP for the Award Presentation and Networking Reception, send an e-mail to sebac@sebac.org.

SEBAC was formed to act as a unifying voice for addressing issues that face small environmental businesses nationwide. Membership is open to small businesses primarily engaged in the environmental

industry with 1000 or fewer employees. Member companies perform environmental investigations, design, engineering, remediation, operations and maintenance, and ordinance and explosives work for federal agencies and commercial businesses. For more information about SEBAC, visit www.sebac.org.
